Danbury Senior Living Installs Samsung Mini-Split Systems

Danbury Seniors Living, in Hudson, elected to install a Samsung Mini-Split systems for each of the 153 suites due to the highest energy efficiency and quietest sound levels in the Industry. They also benefited by eliminating a utility, natural gas, from the suites because of the excellent heating capacity on those cold winter days. Danbury is set to open in the summer of 2018.

For more information, please contact [Jerry Cohen](#) or visit our [website](#).
