Systems For The Engineered Environment

December, 2007

Welcome to SOLUTIONS, a monthly newsletter provided by Jacco & Associates. Jacco's focus on owner satisfaction provides you with the product solutions that will satisfy your customer's problems in the most economical way, in a timely manner, and backed by our uniquely superior personal service.

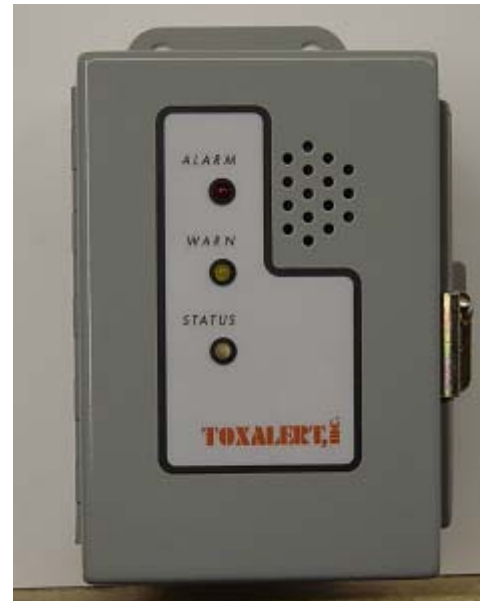

## December Feature:

# TOXALERT™ INTERNATIONAL, INC.

Jacco & Toxalert has the solution for your gas detection requirements. In order to insure a safe environment, gas detection is often provided to maintain human health, comfort and safety by monitoring toxic/explosive chemicals or oxygen depletion. Toxalert's sensors and controllers will provide a means to measure these levels and take appropriate actions to maintain a healthy environment. Be sure to contact your Jacco representative for assistance with layout and design.
